You Left Me Stronger

I guess you might not, since I

wasn't very important to you.

You know, I spent so many days

thinking about - what I did wrong

kako se radilo prvih 10 godina?

- zabavni i izazovni projekti imaju prioritet
- modificirani Scrum pristup
- "6 nedodirljivih stranica", ostalo otvoreno za promjene u bilo kojem trenutku
- alpha/beta testiranje kao faze pustanja koda u produkciju
- nedostatak konkretne vizije, plana i odgovornosti

Product

- zaduzen za smisljanje projekata
- postavlja zahtjeve i okvire projekta
- isporucuje zahtjev UI Teamu za izradu Uija
- prati projekt do kraja u ulozi Customera

User Interface

- u dogovoru s Product grupom definira UI novog projekta
- izradjuje i prezentira mockupe, prototipove, i konacni proizvod – "redlines"

Product Marketing

- "site update" cetvrtkom
- beta test obavijesti
- prate odziv/reakciju communityja te odgovaraju na upite
- komuniciraju probleme natrag Product teamu i developerima

QA / test & deploy

- manja skupina korisnika
- pod NDA-om
- rani prototipovi
